

LIEUT. JOHNSON TAKEN SUDDENLY ILL

HAS BEEN REMOVED TO THE HOSPITAL AT HARRISBURG.

Condition of Captain Kambeck and Quartermaster Cox Still Continues Quite Serious—Bugler Emmet McDermott Removed to the Reading City Hospital—Adjutant Walter E. Gunster Is Now the Acting Quartermaster of the Regiment. Boys Beginning to Suffer from the Cold.

Special to the Scranton Tribune. Camp Meade, Middletown, Pa., Sept. 23.—Lieutenant Johnson, of the acting regimental quartermaster during the absence of Lieutenant H. B. Cox, was suddenly stricken down with fever this afternoon, and was at once removed by ambulance, under supervision of Major Keller, to the City hospital at Harrisburg for treatment. Up till late last night Lieutenant Johnson was able to attend to his duties and made no complaints, even of not feeling well. The news of his sudden illness caused much surprise and regret.

Captain J. W. Kambeck, of B, and Quartermaster H. B. Cox were heard from this afternoon. Both are yet in the Harrisburg City hospital, and their sickness still continues quite serious. This afternoon fifty-seven patients were removed from First Division hospital, and were taken to Philadelphia, Harrisburg and Reading. Among those who were removed was Bugler Emmet McDermott, who was taken to the Reading City hospital. Adjutant Walter E. Gunster is now acting quartermaster of the regiment.

It takes somewhat of an effort to keep warm here today. The clouds are heavy and lowering, and the sun has had no chance to show his face. A chill, easterly breeze keeps the temperature quite low, and the general effect and appearance remind one strongly of a day far advanced in autumn. Usually the mornings are more than cool. Many of the boys are suffering from colds in the head, and slight attacks of coughing are gradually developing in many instances. No serious results, however, are threatened in these cases, and in other respects the health of the regiment is promising. For the first time in a long while the regimental hospital is caring for only one patient. Private Henry Stanton, of D, who has been sick with fever for some time, was brought to Division hospital last night for treatment. As yet his case has developed no serious features.

TO RECRUIT NURSES. An effort is now being made to recruit a corps of efficient nurses for distribution among the different hospitals. The purpose of this, its necessity and the manner in which it is to be done are fully stated in the following order, from General Graham:

Headquarters Second Army Corps, Camp Russell A. Alger, Va., June 21, 1888. General orders No. 2. The attention of regimental, brigade and division commanders is called to the provisions of orders No. 38, current series, from war department with reference to the reorganization of hospital corps. The necessity for perfecting and completing the organization for this corps is of the greatest importance in order to properly provide for the sick and wounded.

It is desired that the surgeons select, from those applying for transfer, the best men, not to exceed at present two men per company and that no objections be raised to the transfer except for valid reasons which must be stated in the endorsement on transfer papers. Regimental commanders are reminded that those men will serve in the hospitals of their respective divisions and that the welfare of the sick and wounded of their regiments depend much upon the quality of assistance given, and that, therefore, no shirkers or inferior men should be transferred to this important duty.

The zealous co-operation of all concerned is cordially expected.

By command of Major General Graham.

PROMOTIONS IN B AND L.

Owing to recent changes in companies B and L several promotions have been made and were announced last night at roll call. In B Wagner Frank Malott and Private Lewis M. Reese were promoted to corporals, and are receiving the congratulations of their friends in the regiment. In D two changes were necessitated by the promotion of Sergeant William McCulloch to the position of sergeant major. The place made vacant by his removal is now filled by Sergeant Lona B. Day, and Company Clerk William F. Jennings was raised to the rank of corporal, instead of Lona B. Day, elevated to a sergeant. The fortunate ones were the recipients of the best wishes of the boys.

There is a burning question which is arousing the interest and unfavorable comment here. That is the candle question. It is now dark at 7.30 o'clock in the evening, and from then till 11 p.m., at 8.50, time drags along very slowly and heavily. There are only a few methods of spending those spare moments—going to the Young Men's Christian Association tent to write or to hear some religious instructions, listening to the band concerts, or walking aimlessly up and down the dusty paths and fields. But in a short time even these time-killing methods cannot be resorted to, as the evenings will be cold. The boys would prefer to sit in their tents, read, write, or indulge in some amusements, but this is impossible, however, as each man gets only two inches of the cheapest, fastest burning kind of sperm candle, and this is supposed to last him five nights of two hours each. In other words, he gets a candle, which actually burns out in three hours, that is supposed to last him for ten hours.

MATTER OF DISCHARGE.

Owing to the fact that several attempts have been made in many unauthorized ways by members of the volunteer regiments to secure their discharges from the service, Major General Graham had an order published and read last night stating the military requirements in such cases. Any one who desires may make application to the war department for his discharge from the service of the United States, but this must, hereafter, be done through the company, regimental, brigade division, and corps commanders of such applicant. It is understood that several members of the Thirtieth are now seeking their discharges.

General Orders, No. 89, just published, instruct all regimental commanders that the orders issued some time ago and forbidding further enlistment of volunteers do not refer to cooks. It is suggested an advisable

that all those regiments which are designated for a term of service at once recruit a full force of competent cooks. The Fifteenth Minnesota has moved again, and now the Thirtieth has a large extent of territory for itself.

CAMP GOSSIP. Private Richard Thomas, of A, orderly at brigade headquarters, went home last night on a seven-day furlough. In his stead Private William Meyers, of the same company, is acting as orderly.

Regimental Clerk William Decker, who is home on furlough, yesterday applied for an extension owing to the illness of his mother. The extension has been granted for seven days. Artificer Frank Chamberlain is assisting Quartermaster Sergeant Paschalis, of C Company, as the latter is kept occupied attending to his duties as brigade commissary sergeant.

Between the officers' quarters and the mess tents is the ditch for the pipe line. It is three feet deep and two wide, and on one side is the embankment of loose clay. Last night while several of the men were standing around the kitchen fires warming themselves and listening to the band concert, some was called from the officers' tents. "Fall in for furlough! This way!" There were a few quick movements, and several of the men, blinded by the darkness and by the glare of the band torches, and forgetting, in their haste, all about the embankment and the ditch, "fell in"—but not for furloughs.

Privates Michael Moffatt, Conrad Renschler and Charles Hoffmeister, of C, left for home on a week's furlough this morning. Private William J. Haggerty, of the same company, returned at 10 o'clock.

Privates William G. Creter and Charles Leuthe are now installed as the chefs for C Company, and are giving much satisfaction. Private Miles J. Driscoll, of C, orderly at Division headquarters, reported for duty this morning, after a furlough of seven days. Private Sprague, of B, returned from home last night, after a furlough of seven days.

Many of the boys are now reading "Around the World on 80," by Robert Meredith. They say they find it quite congenial. Richard J. Bourke.

TRIAL OF MAJOR PARKE.

The Defense Moved for a Non-Suit, But It Was Not Allowed—Case Will Be Resumed Today.

By Associated Press. Camp Meade, Middletown, Pa., Sept. 23.—Several witnesses were called by the prosecution today at the trial by general court-martial of Major Charles R. Parke, of Scranton, to show that an order was promulgated by Major General Davis, while in command at Thorofare Gap, requiring descriptive lists of patients to be delivered to the surgeon in charge of division hospitals.

It was not proven, though, that such an order had ever been served on Major Parke while he was in charge of the Second division hospital here or that he had any knowledge of it. The defense moved for a non-suit, but it was not sustained, and the trial will be resumed tomorrow.

Important experiments are being made by Captain Carl F. Hartman, chief signal officer. Since Monday Lieutenant Chandler, of the Eleventh company, signal corps, with a detachment of four men, has been traveling over the mountains testing the acetylene gas signal lamp and the heliograph. These are the first experiments which have been made with the acetylene lamp in the signal service. Experiments are also to be made with the Ardois system by means of electric light. A bureau of information will be established here under the charge of Captain Hartman. There are 500 Jewish soldiers at Camp Meade and among them twenty-four officers, who will be granted leave to attend service in the Synagogue at Scranton this fall, on the Day of Atonement, which falls this year on Monday.

THE TRACK WAS SLOW.

Races at the Close of Allentown Fair Were Tame.

Allentown, Pa., Sept. 23.—The races at the close of the Allentown fair today were rather tame. Only twenty of the fifty-one horses entered started and the track was slow. Excell and Prince Lavaland won their race easily. Spain, Fred. H. and Kenneth had a hot fight over the mountains testing the acetylene gas signal lamp and the heliograph. These are the first experiments which have been made with the acetylene lamp in the signal service.

Railroad Man

Receives Good Advice from Fellow Workmen

The Whole Story Told by His Wife—It May Help You.

"When my little boy was six years old he had a sack of the measles, and after recovering he was restless at night, had no appetite, and was cross and fretful. Later on, large blotches and sores broke out on his face and limbs. We were told they would heal in a few days; but those few days grew into months. One day my husband, who is a well-known railroad man, was advised by some of his fellow workmen to give the boy Hood's Sarsaparilla. We concluded to do so, and after he had taken the first bottle we noticed some improvement. We kept on giving him his medicine until he had taken three bottles, when he was completely cured, and he has been well ever since." Mrs. E. J. MILLER, Bennett, Pa.

Hood's Sarsaparilla is the best—in fact the One True Blood Purifier. Sold by all druggists. \$1; six for \$5.

Hood's Pills do not cause pain or induce grip. All druggists sell.

COMMISSIONERS AT CUBA WANT CREDIT

THE ONLY MEANS OF RELIEVING DISTRESS.

They Also Advise the Government to Provide Ready-Made Barracks for Cuba—Robert P. Porter Is Tendered a Banquet at Cienfuegos and Makes a Speech—Blanco Will Remove the Remains of Columbus.

Havana, Sept. 23.—The American commissioners, in view of the great number of American citizens in the island, who require aid, and having no American consul here to distribute relief, have, according to report, asked the Washington government for a special credit to attend to these urgent requirements.

According to information received, the commissioners have advised the government that it will be very dangerous to bring to Havana troops to be housed in the existing barracks, as they have become infected by overcrowding with sick Spanish soldiers, and because of the bad sanitary condition of the whole town. It is, therefore, proposed that ready-made, frame barracks, ready to be put together, shall be shipped from the United States before the American troops are brought here.

Mr. Robert P. Porter was given a banquet by the leading club of Cienfuegos while in that city. Mr. Porter, at the banquet, made a speech in the course of which he said that his mission to the island was purely that of studying the riches and resources of the country, and the best means of developing the same and every branch of industry and commerce, and that he hoped he would find the Cubans ready to help him to succeed in his mission. He expressed himself as strongly in favor of the free importation of cattle, both for agricultural work and for consumption, and also of the free importation of all material and implements of agriculture and manufactures. He dwelt upon the necessity for co-operation by every man of property, and all laboring people, both Spanish and Cuban, to help carry out the plans of the United States programme in Cuba, but that if annexation was the result of the initiative step should emanate from Cuba herself by her asking the United States for annexation.

Mr. Porter finished his remarks by saying that the United States government was deeply and interested in the development of commerce and industry in Cuba, which it was prepared to use every effort and resource of the country to secure.

Mr. Porter expressed himself as much surprised and pleased with the aspect of Cienfuegos, the clean streets, the beautiful bay and fine buildings, and the many immense sugar estates in the vicinity. He strongly favors the immediate establishment of an electric plant for the lighting of the city, and the movement of his street cars. He was much struck with the beauty and elegance of the native women.

SILVER IS RISING.

Silver is rising, owing to the fact that more bankers are buying large sums of silver coin. Today silver was quoted at 67 1/2 on the dollar. During the blockade it was as low as 52.

General Blanco has conferred a decoration upon a colonel of women named Barbara Gattier for bravery displayed during the bombardment of Manzanillo, where she fought side by side with the regular troops, displaying the utmost courage.

Chief Francisco Peraza, of the Guisla Abajo division, has arrived at General Collazo's camp at Melena del Sur, in the Havana province, leaving the command of his division to Jose Castillo, the next in command.

Captain General Blanco, in view of the governments' demand to transfer the remains of Columbus to Spain, has issued the following order:

First—The monument containing the remains shall be removed from its mounting, leaving as it now is the base upon which it rests, and it shall be properly packed for shipment.

Second—A commission presided over by the captain general and composed of the bishop of Havana, the colonial secretary of justice, the civil and military governors of the provinces of Matanzas, the state architect and a doctor, shall examine the niche containing the remains and adopt necessary measures for their prompt shipment to Spain.

The commission will meet on Monday, Sept. 25, at the cathedral. The finance department will appropriate \$3,000 to defray the expenses of packing and shipping the monument.

PARADE OF FIRE DEPARTMENT.

Line of March the Companies Will Travel Over.

At a meeting of the board of engineers of the fire department, Thursday night, the following line of march for the parade on Sept. 30 was finally and officially decided upon: Form on Myberry, right resting on Washington, to Wyoming, to Linden, to Penn, to Mulberry, to Franklin, to Spruce, to Penn, to Lackawanna, to Eighth, counter-march to Adams, to Vine, to Washington, pass in review before the mayor and other city officials, to Spruce, to Wyoming, to Lackawanna and disperse.

Chief Hickey has received letters from many out of town companies anxious to participate in the parade, but it has been decided for this year to confine the parade strictly to the sixteen companies of the Scranton department. The following bands are expected to be in line: Bauer's, Lawrence, Forest,

Guth's, Citizens', P. O. S. of A. drum corps and the Ninth Regiment drum corps, of Wilkes-Barre.

In the parade the new three-horse hitch arrangement on the Hook and Ladder truck will be seen for the first time. The handmost apparatus in the parade will be the rebuilt horse wagon of the Crystal company, which was wrecked in a collision with the Chemical engine last May. The wagon was rebuilt by Gout & Sons, of Linden street, and is a fine specimen of the wagonmaker and decorator's art. The Columbia company's combination wagon will also be seen in the parade.

MALONEY PAYS THE COSTS.

Twenty of His Illegal Liquor Selling Cases Are Ignored.

In its report yesterday the grand jury ignored twenty illegal liquor selling cases, in which T. H. C. Maloney was prosecutor. The costs in each instance were placed on the irrepressible crusader as were the costs in the "Tracer" prosecutions. The names of Maloney accused but who, the grand jury believed, were not guilty, are: Ellen F. Jones, Anthony Henry, James Connors, Jr., Thos. J. Williams, James Hopkins, Mary Kelly, Hannah Lally, William G. Jones, Faust Smith, Frank Sizable, William Deekelnick, John F. Timlin, Michael Gilroy, Jennie Gallagher, Walter Brownlee, Mary Masterson, Dennis Kelly, Patrick Thornton, Andrew Miller, Albert Buchta.

The true bills returned were as follows: Assault and Battery—Venegozo Priester; Raffello Lamotta, pros. Peter Jawensky; Steven Shercock, pros. Mary Masterson; William Mulchroon, pros. Alchast Murray; Michael Vrabie, pros. Ida Ore, alias Newhart, alias Ida Swartz, alias Ida Quinn; Maggie Dimier, pros. Andrew Martino; John Ketrick, pros. Felonius, alias Tommie, alias Fred Harper; Tims Rober, pros.

Robbery—John Walsh, William Durkin, Michael Toole; Martin Gurrell, pros. Frank Costello; Martin Gurrell, pros. Lawrence and Receiving—Thomas Conlin; Patrick Phillips, pros. Ladimer Daok; Anna Papalyak, pros. Bert Sicker; Frank Spangenburg, pros.

Selling Liquor Without License—Ida Ore, alias Ida Newhart, alias Ida Swartz, alias Ida Quinn; Maggie Dimier, pros. William Colburn, Maggie Colburn; Maggie Dimier, pros.

Forgery and Embezzlement—W. J. Shubmeil; J. A. Dolphin, pros.

Among the cases ignored was the one brought by Constable Ben Harris against the councilmen of Blakey, charging them with maintaining a public nuisance in not repairing the roads.

MARRIED THE COLORED COOK.

White Servant Girl Becomes Colored Man's Bride.

Lizzie Dugan, a 19-year-old white girl, was married to John W. Whitted, colored, by Rev. Joseph H. Bell, a colored preacher, Thursday night. The bride and groom were both domestic respectively in a house at 217 Lackawanna avenue. He gave his residence as 326 Dix court and she, 613 Fellows street.

The girl represented that she had no money and it was necessary to have a guardian appointed for her before she could secure a marriage license. Rev. Joseph H. Bell became her guardian, and gave the required consent. The groom is 36 years of age.

HERMANSKIE BEAT HIS WIFE.

Was Very Sorry When He Came to Realize It.

Andrew Hermanskie was before Mayor Bailey yesterday morning charged with being drunk and abusing his wife. The accused expressed much contrition for his conduct, and said if he had been sober he would not have misused his wife. She was released and he was fined \$5, and after imposing a nominal fine the mayor field him on his own recognizance in the sum of \$300 to keep the peace toward his wife.

DUNMORE.

Gypsy Grove and No. 1 collieries of the Pennsylvania Coal company will resume work Monday.

No. 1 school foot ball team will line up against the Jolly Eleven Juniors, of Scranton, this afternoon at 3 o'clock. An interesting game is expected.

James Riddall and son, of Gypsy Grove, were arrested yesterday on a warrant issued by Justice of the Peace Mason, of Dixon City, charging them with larceny. They entered bail before Justice of the Peace Krotzer for their appearance at court.

No. 5 colliery will be idle today and next week.

Misses George Jones and Gertrude Decker spent yesterday at Lake Ariel.

A number of young people were to have had a straw ride to Elmhurst last night, but owing to the inclement weather, the affair was postponed until Tuesday.

The Christian Endeavor society of the Dudley Street Baptist church held a social at the home of Henry Smith, on Grove street, last evening.

AWFUL SKIN HUMOR

My little daughter's head and face broke out in bleeding sores, once or twice was affected we thought it would slough off, her suffering was intense, getting no rest unless under opiates. The physician tried every known remedy, but instead of getting better, she got worse. Distracted with her condition, I was advised to try CUTICURA REMEDY. Before the first bottle was used, the inflammation was beginning to subside, and in less than two months was entirely cured. Mrs. JAS. MELTON, 5 Hayden St., Atlanta, Ga. See our new Treatise, "CUTICURA REMEDY FOR ITCHING, BLEEDING, SCALDING, AND ALL SKIN AFFECTIONS." It is a simple and natural remedy, and will cure all cases of itching, bleeding, scalding, and all skin affections. MOOSIC.

One more edition of Old Glory was flung to the breezes with appropriate ceremonies at the public school building at Moosic yesterday. The flag was provided by the Lackawanna township school board and the exercises were presided over by Mr. John McCrindle, chairman of the body. The music for the occasion was by the Avoca Cornet band, supplemented by the singing of the school children. The presentation was made by former School Director Griffith T. Davis, who, in an up-to-date eulogy of the Stars and Stripes, pointed out most forcibly the necessity of implanting at an early age in the rising generation that love of liberty and devotion to country by which alone a government like ours can hope to be upheld and perpetuated. Principal T. G. Osborne, in behalf of the school and community, accepted the flag, concluding his remarks with the earnest wish that its influence may continue to increase until the boys and girls of every land may have their lives moulded and ennobled by the inspiration of a flag as true to the spirit of liberty as ours.

The oration of the day was by Mr. A. F. Doud, of Greenwood, whose eloquent tribute to the old flag and portrayal of its prowess on land and sea, brought forth the applause of the audience, which it richly merited. Beginning with a discussion of the household and national ensigns of the people of primitive times, by which patriotic impulses were engendered, fostered and strengthened, he unfolded in an able manner the origin, growth and development of our own flag; how from the "holy ground," that heritage of the Pilgrim fathers who sowed the seed of liberty and "freedom to worship God," sprang up this beautiful emblem, more glorious than any the world has ever known. Alluding to the children before him, he hoped that this flag of ours would grow with their growth and strengthen with their strength. His closing remarks were most beautiful and his entire address was such as could only increase the reputation he has long enjoyed as a speaker of marked ability on occasions of this kind.
